CAPTURE STUDENT THINKING

BRIGHTSPACE PORTFOLIO

Capture thinking, collect evidence, have conversations and share with parents using any tablet, Chromebook or PC and Brightspace Portfolio. Using video, audio, photos, documents (just about anything) students can collect evidence that can follow them year after year. To see how, please watch this. <https://youtu.be/fP3OJx6tP5w>

EXPLAIN EVERYTHING

'Explain Everything', found on your Chromebook, is a great way to design, annotate, animate, narrate and capture student thinking right in your classroom. For more on 'Explain Everything' please take a look at this video - <https://youtu.be/yX908973zMQ>

NEW TECH TALK CLASSWORK IN CLASSROOM

When Google refreshed 'Classroom' this summer they added a much needed feature that allows you to organize assignments into modules and units. Find out more here <https://youtu.be/LZHxsVK-SKY>

INNOVATION: BOTS, CODING & MORE

There are a number of amazing robotics, coding and innovative devices available for use. In the near future an application will be sent to you via your principal where you will be able to request the use any of these items for your classroom. More details coming soon.

HOT TOPIC! eBooks

There has been much discussion and many questions this year about eBooks. There are 3 great ways to access free eBooks for your students right now on the eHUB. Please take some time to watch these and find out which site is right for your class.
