"Educating hearts and minds"

September 5th, 2012

Dear Parents/Guardians:

The policy of the Northeastern Catholic District School Board requires teachers to have written permission from parents to take students on field trips around the local community. Teachers schedule these field trips on a regular basis as part of the school curriculum. Some examples of short outings may include a visit to the museum, church, library, stores, parks, arena & community centre, etc. We will use this permission form whenever there is no bus transportation involved. To comply with School Board policy, and to **avoid asking for written permission each and every time your son/daughter participates in a field trip**, you are requested to complete the permission form below. This form will be retained at the school and will remain in effect for the 2012-2013 school year.

Thank you for your co-operation in this matter.

Sincerely,

Gretchen Morgan - Principal

I give my permission for:

Student's Name

Grade

**to participate in class/school field trips in the community of Kapuskasing.
I expect to be notified, in advance, of these trips.**

Parent Signature

Date

Health Card number: _____

Version code: _____

Please have your son/daughter return this permission slip to school as soon as possible.
