Thinking Ahead and Preparing for Next Year

The Grade 10 Career Studies class began thinking about their pathway. During a presentation, students heard about a number of pathways offered at the school and received a number of resources to review, as they plan for next year.

Below, student use their lap tops to explore the Ontario Youth Apprenticeship Program website (www.oyap.ca). Here students viewed and discuss what OYAP can offer, which is a practical and hands-on alternative to learning.

In late February, students will be picking their courses for the 2015-16 school year. If you have any questions or would like to come in to learn what O'Gorman has to offer, please contact the school at 705-268-4501.
