St. Anne - Newsletter

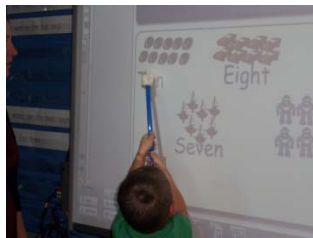

March 1, 2014

By now you should have all received your child(rens) report card(s). If your child's teacher indicated that (s)he wished an interview, I encourage you to call the school to set up an appointment as soon as possible. You are also encouraged to seek out an interview even if the teacher has not requested it. At this time of year, we really begin to look at which students might need further assistance in order to move on to the next grade. The attached calendar for March outlines the activities we have planned for this month. Note the dates for the much anticipated March break as well as those of Shrove Tuesday and Ash Wednesday.

SCHOOL IMPROVEMENT PLANNING

One of the goals of both St. Anne school and our Board, is to help our students become "21st Century learners." As such, we utilize computers and technology in the classroom as often as we can. When we meld classic, research based teaching strategies with the use of technology it is called, "Blended learning." Help your child become computer literate at home while continuing to be vigilant about their safety on the internet.

FOCUS ON FAITH

During the month of March, keep in mind that we prepare for Easter by keeping our Lenten sacrifices or by continuing with "filling each other's buckets." Please review our virtue of the month – Forgiveness and help model it in your daily lives for the children. With the Lenten season beginning on March 5th, remind the children how Jesus forgave those who persecuted and tortured him, even while suffering on the cross.

School council is hosting a Shrove Tuesday Pancake breakfast – families are welcome to join their children

between 9 and 10 am. No set times as they are served hot to each class as they are prepared! Parish council and Father Leo will also be in attendance.

AWESOME NEWS

Our "Essential skills classroom" is in progress and we look forward to a tentative "Grand opening" on March 31st.
