

**NORTHEASTERN CATHOLIC DISTRICT SCHOOL BOARD**

**Policy  
B-25**

**Authority  
05-42**

**FAITH LEADERSHIP**

**POLICY STATEMENT**

The Northeastern Catholic District School Board's mandate is to provide a quality faith-based learning environment for our students based on Ministry curriculum expectations and the goals of the *Catholic Graduate* expectations.

The fulfilment of this mandate requires that our educators are committed to guiding our students both academically and spiritually. It is essential that we build a leadership team of administrators who have demonstrated their commitment to Catholic faith values, practices and beliefs.

The Board shall consider demonstrated support for our Catholic school system as well as a personal faith commitment as fundamental criteria for leadership in Catholic education. The belief in the value of Catholic education is central to the ability to guide our school communities and contribute to the growth of our system.
