

**Northeastern Catholic District School Board**

**Learn At Home Activities**

**Primary Students (Grades 1 - 3)**

<b>Art</b>	<b>Physical Education</b>
Look at a few different pieces of art in your home or on the internet. With a family member, discuss which piece is your favourite and why.	Go for a walk with your family. How many odd and even numbered houses are there on your street or block?
As a family, take turns acting out different items (mouse, frog, tree) for the others to guess (like charades). Stay silent while you act.	Choose different animals and try your best to move like them throughout your house or outside.
Make a cross out of twigs, toothpicks, popsicle sticks or recycling cardboard and decorate it. Talk about the texture (smooth, rough).	Time how long you can balance on each foot. Try to beat your record. You can add some music to the mix as well.

<b>Catholic Faith</b>	<b>French</b>
Easter Prayer Table / corner. Make a special place in your home with things that are special to you.	Go around your home and label the colour of 10 objects while practicing saying the colours. Do this a second and third time labelling different objects.
Watch the TOMKIN Hope video with your family. <a href="https://www.youtube.com/watch?v=sKizUsgQayk">https://www.youtube.com/watch?v=sKizUsgQayk</a>	Watch "La famille Trompette" to learn about recycling and teach others about recycling as well. <a href="#">Recycling video</a>
Where can you find Hope? Discuss with your family.	Discuss how you can recycle (recycler), reuse (réutiliser), reduce (réduire) and think (penser) about your planet and ways you can take care of it. What makes you proud of yourself (fier de moi)? <a href="#">Earth Day Primary</a>

**Week of April 20 to 24, 2020**
