

**Northeastern Catholic District School Board**  
**Learn At Home Activities**  
**Primary Students (Grades 1 - 3)**

### **Art**

Use a toilet paper roll to make an animal (rabbit, fox, lion). Use paper cutouts and other recycled materials for the ears, whiskers and tail.

Practice your facial expressions in the mirror (happy, excited, sad). As a family, take turns guessing each other's facial expressions. Talk about the different messages facial expressions send.

Go outside with a pencil and paper. Draw and label signs of spring (tree buds, tulips starting, birds nest). Repeat the process a week later to compare the shape, size and colour of your drawings.

### **Catholic Faith**

Growing in Faith/Growing in Christ is a great resource.

Log in at: [www.pearsoncanada.ca/growinginfaith/student-home](http://www.pearsoncanada.ca/growinginfaith/student-home) Find your grade.

Be the reason someone smiles this week. Write a few words of Hope and give it to someone in your family.

Draw and colour a picture of what Hope means to you. Post it where it can be seen by many people.

### **Physical Education**

Practice the 3 types of push-ups (Standard push-ups, knee push-ups and wall push-ups): See how many you can do of each.

Go outside and play catch. You can do this with a partner or alone off a wall or in the air. How many times in a row can you catch the ball without dropping it?

If you are in the mood for a little Zumba, go to: <https://www.youtube.com/watch?v=ymigWt5TOV8>

**Week of May 11 to 15, 2020**
